Highlights

Please input game highlights

Set the date and time of the game. Input the field name (or location) of the game. If this is a little league game where all players hit indicate it here. If a game normally ends in less then 9 innings change it here. Select the visiting and home teams using the drop-downs. A new team can be added by selecting “Add home or visiting team”. A place to input game highlights is also available.

A screen will appear allowing the At Bat to be recorded. It also allows stolen/advanced bases, pick offs, and RBIs to be recorded. The app will not allow two players to occupy one base. However, advances beyond the minimum and runners thrown/forced out must be recorded using the “Max Base” and “Out At” drop downs. An At Bat can be revisited at any time.
