Please input game highlights

Set the date and time of the game. Input the field name (or location) of the game. If this is a little league game where all players hit indicate it here. If a game normally ends in less than 9 innings change it here. Select the visiting and home teams using the drop-downs. A new team can be added by selecting “Add home or visiting team”. A place to input game highlights is also available.

# Edit/Add or Delete a Team

To edit a team select an existing team or select the “+” for a new one. An existing team can be deleted by swiping to the left. A team can also be added from the “Edit a Game” screen, as mentioned earlier.

## Edit an Existing or Newly Added Team

Set the name of the team, name of the coach, and make note of any pertinent information. If any players have been added to this team they will show up here. Players can be edited by selecting a player or added by selecting “Add Player”

BB RBIs Steals At Bat Max Base Out At Run Hits Errors Ks BB HR

A large 'BB' is displayed in the center of the screen.

A screen will appear allowing the At Bat to be recorded. It also allows stolen/advanced bases, pick offs, and RBIs to be recorded. The app will not allow two players to occupy one base. However, advances beyond the minimum and runners thrown/forced out must be recorded using the "Max Base" and "Out At" drop downs. An At Bat can be revisited at any time.
